## QUALIFICATION SYSTEM – GAMES OF THE XXXII OLYMPIAD – TOKYO 2020

### Individual Qualification

#### Qualification Events

##### **Olympic Qualifying Time (OQT / “A” Time) and Olympic Selection Time (OST / “B” Time)**

For each individual event at the Olympic Games, the FINA Bureau will establish Standard Entry Times of two (2) types: an “*Olympic Qualifying Time*” (OQT / “A” Time) and a “*Olympic Selection Time*” (OST / “B” Time) of which the OST / “B” Time shall be easier to achieve. Standard entry times can only be achieved in competitions approved for that purpose by FINA during the qualification period from **1<sup>st</sup> March 2019 to 27<sup>th</sup> June 2021**. The list of the qualification times to be achieved by the athletes per event and per standard is set out in paragraph **H. Qualification Time Standards**.

FINA will establish a calendar with approved qualification events for individual entries. The calendar will be published on [www.fina.org](http://www.fina.org) and updated occasionally until February 2021; it includes FINA World Championships; Continental Championships; Continental Qualification Events; National Championships and Trials and Qualification Events approved by FINA. At all qualifying events approved by FINA, only Referees and Starters on FINA Officials Lists are eligible. The timing system for the events must also be described by the Organiser.

##### **Athletes who have achieved the Olympic Qualifying Time (OQT / “A” Time)**

Athletes who achieve the OQT / “A” Time in one or more individual events are automatically qualified to participate in the Olympic Games Tokyo 2020.

NOCs can enter two (2) athletes in the same event, only if both athletes have achieved the OQT / “A” Time.

##### **Invited athletes who have achieved an Olympic Selection Time (OST / “B” Time)**

Following the end of the qualification period **and in the event that the quota of 878 athletes is not reached, FINA will assess the number of athletes having achieved the OQT / “A” Time, the number of Relay-Only Athletes and the number of Universality Places.**

FINA will then invite athletes who have achieved an OST / “B” time, until the total quota of 878 athletes is reached. **OST places will be distributed by event, according to the position on the FINA World Ranking of 27<sup>th</sup> June 2021.**

NOCs can only enter one (1) athlete per event having achieved an OST / “B” Time. **Athletes invited through OST/“B” Time are only allowed to compete in the events for which they received the quota place.**

### Relay Qualification

#### Qualification Events

There shall be a maximum of sixteen (16) qualified teams in each relay event, for a total of 112 relay teams.

Each NOC may enter only one (1) team in each relay event.

#### **FINA World Championships**

The twelve (12) highest placed NOCs per relay event at the 18<sup>th</sup> FINA World Championships 2019 in Gwangju (KOR) shall be qualified for the corresponding relay event at the Olympic Games Tokyo 2020 based upon the results achieved in the heats.

#### **Fastest Time during the qualification period**

The remaining four (4) teams per relay event will be the teams with the fastest times in the FINA World Rankings of 31<sup>st</sup> May 2021 achieved during the qualification period, in the qualifying events approved by FINA, from **1<sup>st</sup> March 2019 to 31<sup>st</sup> May 2021**.

If any of the qualified teams, both from the 18<sup>th</sup> FINA World Championships 2019 or the remaining four teams with the fastest times in the FINA World Rankings of 31<sup>st</sup> May 2021, are not able to participate for any reason, the next highest ranked eligible team from the FINA World Rankings, in the qualifying events approved by FINA in the respective event, will be offered the relay team quota place.

All athletes entered in individual events can be used in relays, even if they have not achieved the OST / “B” Time for the corresponding stroke and distance of the relay in which they are entered.

Each NOC may enter additional athletes for relays only (“**Relay-Only Athletes**”), provided that they have achieved at least the OST / “B” Time for the corresponding stroke and distance of the relay in which they are entered.

The following formula shall apply:

- One (1) Relay - two (2) additional athletes
- Two (2) Relays - four (4) additional athletes
- Three (3) Relays - six (6) additional athletes
- Four (4) Relays - eight (8) additional athletes
- Five (5) Relays - ten (10) additional athletes
- Six (6) or seven (7) Relays - twelve (12) additional athletes

If an NOC enters Relay-Only Athletes, these athletes must swim either in the heat or final of at least one relay event. Should a Relay-Only Athlete not compete, this will lead to the disqualification of the last relay team for which he/she was eligible to compete. This is not applicable in case of a medical injury or emergency after confirmation from the FINA Sports Medicine Committee.

The NOCs must confirm to FINA the participation of their qualified relay team by no later than **11<sup>th</sup> June 2021**.

The NOCs must confirm their Relay-Only Athletes to FINA by no later than **27<sup>th</sup> June 2021**.

NOCs with no athletes who have achieved an OQT / “A” Time or who have been selected by FINA for an OST / “B” Time may enter a maximum of one (1) man and one (1) woman, provided that those athletes participated in the 18<sup>th</sup> FINA World Championships 2019 and/or are approved by FINA to compete (“Universality Places”).

In case an athlete who was present at the preceding FINA World Championships (Gwangju 2019) and, for valid reasons cannot take part any more at the Tokyo 2020 Olympic Games held in 2021, the NOC may send a replacement athlete provided the athlete has participated in a FINA Olympic qualifying event demonstrating that he/she has swimming capability consistent with participation in the Olympic Games.

NOCs with athletes having achieved an OQT / “A” Time or selected by FINA for an OST / “B” Time only in one (1) gender may also enter one (1) universality swimmer in the other gender.

NOCs must submit their applications for Universality Places to FINA for approval by **20<sup>th</sup> June 2021**. FINA will confirm the Universality Places to NOCs by **1<sup>st</sup> July 2021**.

### E. CONFIRMATION PROCESS FOR QUOTA PLACES

Following the end of the qualification period, FINA shall assess the number of athletes having achieved the OQT / “A” Time, the number of Relay-Only Athletes and the number of Universality Places. In order to complete the overall athletes’ quota, FINA shall then invite athletes having achieved OST / “B” Time and inform each NOC accordingly by **30<sup>th</sup> June 2021**. An online tracking tool shall be published on the FINA website showing the athletes qualified in each event. FINA will also seek confirmation from NOCs/NFs concerning the participation of athletes with OQT.

NOCs will then have to confirm if they wish to use these invitation places, as detailed in paragraph **G. Qualification Timeline**.

The confirmation process for NOCs which have qualified relay teams and obtained Universality Places can be found in the abovementioned sections.
